WILCOX'S IMPROVED STEAM WATER LIFTER

IS A STEAM PUMP,

WITHOUT ENGINE, PISTON OR PLUNGER,

Using Steam direct from the Boiler, without the intervention of any other machinery. It has won FOUR FIRST PREMIUMS at California State Fairs, within the last five years.

It is used on the Central and Western Pacific Railroads, from Oakland to Ogden.

It is used for Mining in Shafts, in Tunnels and Placer Diggings.

It is used for Water Works, for Irrigation and Watering Stock, for House and Farm use, for Sprinkling Streets, Draining Ponds, and Pumping for Sinking Wells.

Several of the Lifters can be seen at work near Woodland.

Merits Worthy of Consideration:

CHEAPNESS.—Its cost is less than one-half that of any other Steam Pump of like capacity.

ECONOMY OF STEAM.—It uses the exhaust steam alone for its suction, and the expansive power is applied direct, instead of wasting a large percentage on the friction of pistons and other machinery.

ITS ADAPTABILITY FOR DEEP WELLS, SHAFTS AND TUNNELS.—Will work well in Wells and Shafts from 100 to 200 feet in depth, and in Tunnels from 500 to 1000 feet in length, whether straight or angular. There is neither steam nor smoke escaping in the shaft or tunnel.

NOT DERANGED BY MUDDY WATER.—Having neither piston nor packing, the com- ... from grit is not incurred. mon derang... ility. Hence its great dura...

ANY PERSON CAN RUN IT.—It being so simple in construction and action, any person of ordinary intelligence can run it with safety.

They are made of any capacity, from 1,000 gallons to 100,000 gallons per hour.

For $75 I will sell a Water Lifter of 1,000 gallons per hour capacity; and for $85 I will furnish a boiler, with all necessary attachments, that will be sufficient to raise 1000 gallons 50 feet in one hour. All other sizes correspondingly low.

Parties can see them in operation at my shop, or one at the Presidio, San Francisco, daily driving 3000 gallons per hour up a slope 2,500 feet, with a perpendicular rise of 100 feet.

Map of Yolo County,

Showing the County Roads, Boundaries of Swamp and Overflowed Lands, Land Grants, etc. The map will be lithographed and mounted on rollers in the best style. Every owner or claimant of a piece of land can, by sending a description of their land, naming the subdivision by Township, Section or Quarter Section, and One Dollar, have their names inserted in their tract.

Parties desirous of advertising can have engravings of buildings or business cards printed on the margin of the map, on reasonable terms.

Five Hundred Copies

Will be printed and sold to subscribers at $3 50 per copy. The map will be on a large scale—about 4 by 4½ feet. Office in the Court House. Surveys made in any part of the county. ja28-tf

THE DOMESTIC Sewing Machine!

A New Favorite in California.

The Domestic Sewing Machine has just been introduced into this State, and is now offered to the public. It makes the Shuttle or Lock Stitch, alike on both sides, uses a straight needle, and its range of work is from the heaviest to the most delicate fabric, sewing every kind perfectly. It has a self-adjusting tension, which requires no alteration in changing the thread, or in sewing different thicknesses. In simplicity and durability it is unequaled. One great advantage in this machine is, that it will sew over thick seams without difficulty.

The Domestic Stands on Its Merits Alone,

Which have secured it large sales wherever it has been introduced. It combines beauty of appearance with easy, quiet action and perfect work.

THE DOMESTIC SEWING MACHINE is furnished in various styles, the prices ranging about with those of other first class machines.

A Chapter on Matrimony.

Take the bright shell
From its home on the lee,
And wherever it goes
It will sing of the sea;
So take the fond heart
From its home and its hearth,
'Twill sing of the lov'd
To the end of the earth.

If you would marry for happiness, marry for love. And there is a great secret, would you know it? Explore the character.

Love at first sight—romantic love—is not love at all, but a silly attachment, forced upon the imagination, and nearly always the result of ignorance.

Wed not under the violet influence of a love fit, unless you would indeed wed yourself to a life of misery. Your anticipated fountain of Nectar would soon lose its sweetness, and yield forth instead the bitterness of Marah! Dreams are pleasant, yet do we awake to a sad reality.

Deep reflection, an exploration of character will tend to bring about a happy union. Nor marry solely for money—for riches can never purchase happiness requisite for the married pair. Money is no objection, however—it may, indeed be an object—it may buy fine things—but happiness never! and without that man is a poor creature.

"Marry the lass that has the cow," was the advice of an "old fogy" bachelor to a youth who consulted him on a choice between a girl with a cow, and one with a pretty face—"for so far as beauty is concerned, there is not the difference of a cow between any two girls in Christendom." (?) What a conclusion! Well we could never agree to that, for there is an attractive power in beauty. Youth will idolize the fair brow, the smiling lip, and voice, "silver sweet." Let the wise and the grave talk as they may, beauty will ever govern this world of ours.

"What lost the world and bade a hero fly?
The timid tear in Cleopatra's eyes.
Yet be the soft triumvir's fault forgiven,
For this, how many lose, not earth, but Heaven."

But beauty or not, marry the lass who will manage your domestic concerns to advantage—one who is prudent, sensible, economical—and in order to do this you must explore the character.

"Choose wisely the wife of thy bosom," was the Eastern sage's advice to his son; "and see that her reigning gem is virtue! Open not thy bosom to the trifler; repose not thy head on the breast which pursueth envy and folly and vanity. Hope not for obedience where the passions are untamed; and expect not honor from her who honoreth not the God that made her!

"Reflect, then, my son, ere thou choose (explore the character), and look well to her ways whom thou would'st love; for though thou be wise in other things, little will it avail thee if thou choose not wisely and well the wife of thy bosom."

Most wise and sage like advice!

"See that her reigning gem is virtue." Yes; and homes which are now the scenes of discord, would be blessed with tranquility—hearts which are now sad, would be beating with content—eyes, that have long been wet with grief, would be smiling with joy—and voices, long dormant, would be turned to sweetness, did virtue and happiness but reign triumphant over the love of lucre!

"Her gem be virtue." Yes, the creations of the painter and sculptor may moulder into dust; the eglantine of the bard may wither, and the laurel of the orator decay; the throne of the conqueror may be demolished, and the fame of the warrior may no longer be hymned by the recording minstrel; the hope of youth may be disappointed, and the grey hairs of age go down sorrowing to the grave; but that which hallows the cottage and sheds a glory around the palace—virtue—shall never decay! It is celebrated by the angels of God—it is written on the pillars of heaven, and reflected down to earth.

Choose wisely then the wife of thy bosom, and explore the character, if thou would'st be happy.

Centre, oh! youth, thy love upon virtue, for a soul possessed of virtue is the temple of the living God.

Incontrovertible Testimony.

While the Kuklux Committee at Washington is examining witnesses and the Radical press making capital out of the alleged Kuklux outrages in the South, says the Petaluma *Crescent*, the better class of Republicans, satisfied that the South has been sufficiently oppressed and maligned, are daily denouncing the base falsehoods, and the infamous legislation resulting from them. That our readers may be satisfied that what we have from time to time said on this subject is true, *i. e.*, that the Kuklux bill and other disgraceful proceedings accompanying it, are nothing more nor less than villainous political schemes, concocted for the purpose of keeping the Radical party in power, we make the following extract from the New York *Evening Post*.

The Constitution of the United States authorizes Governors of States, in the absence of the Legislatures, to call upon the President for help in putting down violence.

The supporters of the Kuklux bill acknowledge this, but reply that the Governors of the States are in sympathy with the Kuklux. But unfortunately for this assertion, the Governors of those States which it is said are a prey to violence and disorder, are Republicans. Here is a list of the Southern Governors.

Alabama—Robert B. Lindsay, Democrat.

Arkansas—Powell Clayton, Republican; resigned and succeeded by another Republican.

Missouri—B. Gratz Brown, Republican.

Florida—Harrison Reed, Republican.

Georgia—Rufus P. Bullock, Republican.

Louisiana—Henry C. Warmouth, Republican.

Mississippi—James L. Alcorn, Republican.

North Carolina—Holden, succeeded by the Republican Lieutenant-Governor.

South Carolina—Robert K. Scott, Republican.

Tennessee—DeWitt C. Senter, Republican.

Texas—Edmund C. Davis, Republican.

Virginia—Gilbert C. Walker, Conservative.

Kentucky—John W. Stevens, succeeded by a Democrat.

We find here that of thirteen Governors of Southern States, ten are Republican, one is a Conservative and two are Democrats.

We find that from Alabama, which has a Democratic Governor, and Virginia, which has a Conservative Governor, no Kuklux outrages are reported. Tennessee, since the last election, has been quieted. Missouri, in which a special amnesty act was carried at the last election, is quiet.

But, as the disorders occur in those States only which have Republican Governors, how is it that those Governors do not call upon the President, as they have the constitutional right to do? Governor Alcorn, Republican, says there is no necessity for the interference of the Federal arm. We have a right to presume from the silence of the other Governors, that they are of the same opinion.

Earthquake in China Lasting Twenty-two Days--Terrible Loss of Life.

[Dispatch to the New York World.]

WASHINGTON, June 4th.—Our Minister in China, Governor Low, has forwarded to the Secretary of State the following translation of a report made by the Chinese Governor-General of the province in which it occurred, of the earthquake at Bathang, in Sechuen:

I have ascertained that Bathang, lying on a very elevated spot beyond the borders of the province, about 200 miles west from Li-tang, and more than thirty post-stations from the district town of Ta-tsien, on the high road to Tibet, had suffered severely from an earthquake. About 11 o'clock A. M., on the 4th of April, 1871, the earth trembled so violently that the Government offices, temples, granaries, stone and storehouses and fortifications, with all the common dwellings and the temple of Ting-lin, were at once overthrown and ruined. The only exception was the hall in the temple grounds, called Ta-chao, which stood unharmed in its isolation. A few of the troops and people escaped, but most of the inmates were crushed and killed under the falling timber and stone. Flames also suddenly burst out in four places, which strong winds drove about until the heavens were darkened with smoke, and their roaring was mingled with the lamentations of the distressed people. On the 16th the flames were beaten down, but the rumbling noises were still heard under ground like distant thunder, and the earth rocked and rolled like a ship in a storm at the mercy of the waves. The multiplied miseries of the afflicted inhabitants were increased by a thousand fears; but in about ten days matters began to grow quiet and the motion to cease. The grain tax Collector at Bathang says that for several days before the earthquake the water had overflowed the dyke, but after it the earth cracked in many places, and black, fetid water spurted out in a furious manner. If one poked it, the spurting instantly followed, just as is the case with the salt wells and fire wells in the eastern part of the province, and this explains how it happens that fire followed the earthquake in Bathang. As nearly as is ascertained, there were destroyed two large temples, the offices of the Collector of grain tax, the local magistrate and the Colonel, the Tingkin temple and nearly seven hundred fathoms of wall around it, and 351 rooms in all inside; six smaller temples numbering 221 rooms, besides 1,849 rooms and houses of the common people. Soldiers and lamas killed by the crash number 2,298, among whom were the local magistrate and his second in office. The earthquake extended from Bathang eastward to Pang-Chahe-mup, westward to Nan-tun, on the South to Ean-tsah-shih, and on the north to the salt wells of A-tuntz, a circuit of over 400 miles. It occurred simultaneously over the whole of this region. In some places steep hills split and sank into deep pits; in others hills on level spots became precipitous cliffs, and the roads and highways were rendered impassable by obstructions. The people were scattered and beggared like Autumn leaves, and this calamity to the people of Bathang and vicinity was really one of the most distressing that ever happened. The Governor General twice memorialized the Emperor respecting it, who granted aid to relieve the misery, reopen the roads between the post-houses, and rebuilt or repaired the offices and dwellings as they were needed. Many are now resuming their occupations, and the roads are everywhere passable.

THE VINTAGE PROSPECTS.—Parties thoroughly conversant with the wine interests of California, says the San Francisco *Bulletin*, after receiving advices from all the large grape producing districts, are of the opinion that the prospects for the vintage is better this season than ever before. The number of new vines coming into bearing is very large, and the old ones everywhere are looking finely, the grapes having already "set" perfectly, and no damage having been done anywhere by frost or floods. In most localities the danger of damage by frost is entirely past for the season, and there is no likelihood of injury to any considerable extent being done hereafter to any locality. The danger from frost is considered over by the 15th of May in all parts of the State; and this being to some extent an exceptional season, late frosts are not looked for. The dry winter and dessicating winds which have recently been so disastrous to the growing grain crops, have not affected the vines in the least. Rains within the next two weeks might possibly increase the size and quantity of the grapes, but would not increase the quality, as a dry season is rather favorable than otherwise to the development of saccharine matter and delicate flavor in the grape. Experts differ in their estimates of the coming vintage, the lowest figure named being 8,000,000 gallons, and the highest 12,000,000. There is reason to believe that the vintage of California in 1871 will not fall much under 18,000,000 gallons, and as prices promise to be remunerative we shall thus in part, at least, make up for the deficiency of our grain crop. Viniculture is now one of our most prosperous and reliable industries.

EARTHQUAKE IN COLUSA.—The Colusa *Sun* of the 10th says: Colusa county has had a real, genuine earthquake. The people of Bear Valley were nearly frightened out of their wits ou Tuesday night about nine o'clock, by two severe shocks of an earthquake. They were so heavy as to make some of the people leave their houses.

Sacramento Republican Primaries.

DISGRACEFUL SCENES—A MAN BEATEN TO DEATH—ANOTHER'S FINGER BITTEN OFF—ETC.

[From the Reporter, June 11th.]

The Radicals held their primary elections yesterday, and in some of the wards the most disgraceful and riotous proceedings were indulged in—professional bullies and fowdies having been hired in large numbers to carry the election just as their employers directed them.

IN THE FIRST WARD

The fun was all one-sided. The B'hoys took early and complete possession of the polls, and it was dangerous for a man to even speak of voting against their ticket. As a natural result, the ticket headed by McFarland and Rhoads, and supposed to be in the interest of E. F. White for Sheriff, was triumphantly elected. The entrance to the room was boarded up between six and seven feet high, and the ballot box was out of sight, so that opposition would have been useless. The rowdy element of the Radical party in this ward, not finding adequate work for its muscle, migrated to other wards, and stirred things up lively.

Following are the delegates elected in the First Ward: T. B. McFarland, A. J. Rhoads, W. F. Swimley, F. A. Hornblower, E. Johnson, Daniel McCann, J. G. Chesley, L. B. Smart, L. H. Foote.

IN THE SECOND WARD

Three tickets made their appearance at the opening of the polls, one the regular caucus ticket, supposed to be for White and Heirbron, another containing the name of our revered friend McClatchy (that of itself enough to ruin any ticket at any election), which was supposed to be for Sullivan; and still another for "any other man." The caucus ticket had things all its own way, owing to the expenditure of a large amount of money. Everything and everybody was allowed to vote—provided they voted the right way. Whisky was abundant, fighting was all the go, and respectable citizens were disgusted. The "Boys," after voting in the First Ward took a run into the Second, exercised the elective franchise considerably, and then emigrated to other fields. A number of fights and rows occurred, but owing to the pluck of Wm. E. Hickey and the other officers present, no one was particularly injured.

Following are the delegates elected in the Second Ward: Chris. Green, Paul Morril, George I. Lytle, K. F. Wiemeyer, W. L. McEwen, Jacob Heintz, Anton Brewer, H. F. Root, P. A. Miller, William Young, L. Elkus, J. W. Wilson, George H. Mixer, F. A. Shepherd, Herman Winters.

IN THE THIRD WARD

The caucus ticket which was avowedly for Bugbey and Bryte, was elected by an overwhelming majority. An opposition ticket was placed in the field, but the parties peddling the same were cooly told to leave—that their ticket was not wanted and could not be voted. Their tickets were taken from them and destroyed, and they were incontinently shoved away from the polls. As in the First and Second Wards, everybody that voted right was allowed to vote.

Following is a list of the Third Ward delegates elected: D. Gillis, J. Lohman, C. Cate, F. M. Chapman, S. J. Nathan, G. H. Swinerton, W. C. Hopping, L. Lotthammer, W. J. Campbell, H. S. Beals, A. Egl, W. H. Heyener, W. M. Aaron, M. Barber, H. O. Seymour, A. Leonard, M. Miller.

IN THE FOURTH WARD

Pandemonium was let loose, and the roughs, urged on by men claiming to be respectable, made the polling place resemble a butcher's shambles. Two tickets were in the field—one in the interest of Duffy for State Senator, headed by F. A. Gibbs, and the other in favor of any man against Duffy, headed by C. Traver. John Black, the Supervisor was on the Duffy ticket, and was accused by the anti-Duffy men of unfairness and illegal proceedings, and was in anything but polite terms, requested to resign. This, of course, he declined to do. The "respectable" anti-Duffy Republicans procured assistance from the "Boys," liquored them up well, and then assisted them to tear down the barricade, smashed the windows, and forced their man, W. M. Siddons, into the room. Black was the center for a few moments of an angry crowd, and, declaring his life to be in danger, took the ballot box and, accompanied by his friends, proceded to Dolan & Halloran's store, on L street, corner of Sixth, and opened the polls there, leaving the following explanatory "ukase" tacked to a cottonwoon tree in front of the vacated polling place (which we print *verbatim*).

"I hereby give notice that the voting precinct for the Fourth Ward in the City of Sacramento has been changed from Cody's Saloon, corner 8th and M. street, to Dolan & Halloran's grocery store, on the south side of L street between 6th and 7th, next door east of H. Bernard's wagon shop.

"JOHN BLACK."

Bill Siddons, backed by the roughs and the "respectables," opened a primary on his own hook at the old polling place, and of course elected the anti-Duffy ticket.

Following is a list of the delegates elected in the Fourth Ward: C. Traver, J. C. Cibson, P. M. Bray, J. F. Clark, J. L. Huntoon, R. Parker, P. Bohl, F. A. Gibbs, P. F. Dolan, Frank Miller, J. P. Lowell, P. L. Hickman, R. Miller, L. B. Mohr.

CHARACTERISTIC INCIDENTS — ONE MAN BEATEN TO DEATH—ETC.

During the struggle to drive Black away, John Carroll, a young man, a hack driver, while quietly attending his team, was brutally assaulted and pounded nearly to death by the First Ward roughs, who had been imported by the "respectables" to clean out Black. [We were informed last night that Carroll had died.]

C. McMahon, a special Deputy Sheriff, while endeavoring to preserve order and prevent murder, was also violently assaulted, but fortunately saved himself from severe damage.

The "respectables" laughed and gloried in the actions of their hired ruffians, and declared that Black deserved a pounding also. These "respectables," who paid their money to purchase whisky and rioting—and almost murder—are more to blame than their poor tools.

Pennsylvania Democratic Platform.

Below will be found the platform recently adopted by the Democratic State Convention of Pennsylvania:

Resolved, That the force and bayonet bills recently enacted by Congress are gross attacks upon the reserved rights of the States, destructive to the elemental principle of civil liberty, intolerable to a free people, centralizing in tendency, and should be forthwith repealed.

Resolved, That the language of Senator Carl Schurz in his St. Louis speech, wherein he says: "I consider it one of the most pressing needs of our days that we should return to the sound practice of constitutional government. The safeguards of our common rights and liberties contained in the Constitution are too sacred and valuable a boon to be permanently jeopardized in providing for a passing emergency. It is time that the American people open their eyes to the dangerous character of this tendency, and that neither a great name nor an object appealing to our sympathies should be permitted to disguise it. As for me, I have seen the working of irresponsible power and personal government in other countries, and I may assure my constituents that, while I am a citizen of this Republic, I shall struggle to the last gasp against its introduction here," was but the utterance of well-known and frequently announced Democratic doctrine.

Resolved, That the Democratic party is opposed to the existing system of Federal taxation and finance, ruining as are its effects upon the laboring, producing, mining and manufacturing interests of the people, and the fruitful source of "hard times," personal indebtedness, and individual bankruptcy.

Resolved, That the public debt is binding upon the nation and must be paid, and that we are unalterably opposed to any and all movements looking towards repudiation, direct and indirect, but in justice to the laboring and producing classes the rate of interest thereon should be reduced at the earliest possible date.

Resolved, That labor and capital have no just cause of antagonism; that we deprecate strife between these two great forces, and earnestly seek to place the laborer and the capitalist on such a platform as will enable both to amicably adjust their differences, and we are unalterably opposed to the importation of a servile race for the purpose of degrading the standard and lowering the position of the laboring men of the nation.

Resolved, That we recognize a binding obligation of all the provisions of the Constitution of the United States as they now exist, and we deprecate the discussion of issues which have been settled in the manner and by the authority constitutionally appointed.

Resolved, That we are for a government vigorously frugal and simple, applying all the possible saving of the public revenue to the discharge of the national debt, and opposed to a multiplication of officers and salaries merely to make place for partisans and for increasing, by every device, the public debt.

Resolved, That the continuance by a Republican Congress of the income tax, when the same is at least of doubtful constitutionality, and the necessity therefor has long ceased to exist, is an exercise of power oppressive to the people and a gross violation of their rights and interests.

Resolved, That the present tariff is in many of its features oppressive, should be revised, and that we herewith request our Representatives in Congress, when the tariff shall be the subject of readjustment, to see that the immense products of the State and its industry are properly cared for.

Resolved, That the soldiers and sailors of Pennsylvania are entitled to and should receive at the hands of the national government a prompt recognition of their claims to a proper and just equalization of the bounties in land, as well as in money, granted for their patriotic services in the late war for the supremacy of the Union and the Constitution.

KUKLUXISM.—There have been several outrages lately that smell strongly of Kukluxism. The house of Samuel Jackson (colored), in Kentucky, was burst into by an armed band, taken into the woods, stripped and whipped nearly to death for voting the Democratic ticket.

A a negro by the name of Sid Embry was taken out of his house, near Athens, Kentucky, and shot. He was a man of good reputation, and had on the day previous, at the election of Magistrates, voted the Democratic ticket.

A Mr. Henry Scarth, living within a few miles of Jacksonville, Illinois, was charged with cruelty to a colored girl living in his family. The Missouri *Democrat* (Rad.) states that the girl was tied up by the thumbs three times, and was

COUNTY AND TOWN OFFICIAL PAPER.

WOODLAND, CAL:
Saturday, June 17th, 1871.

COAL DISCOVERIES.—In Napa and Contra Costa counties there is considerable excitement over recent coal discoveries.

RAILROAD BRIDGE.—An immense railroad bridge is being constructed at Vallejo which is to span the Feather river at Oroville.

UNION ORDERED.—The British Government has directed the union of British Columbia and Canada, to take place on July 20th.

MORE OF THEM.—Siskiyou and Calaveras counties have each elected Haight delegates to the State Convention under positive instructions.

VALUABLE DISCOVERY.—Professor O'Reilly has discovered that the leaves of the Osage Orange are equal, if not superior, to the mulberry leaf as food for silk worms.

ALL FOR HAIGHT.—We commenced to note the different counties sending Haight delegates to the State Convention, but they come in so fast that it is useless. They are nearly all for Haight.

MORE "CHEAP LABOR."—Nine hundred and sixty-six Chinese coolies landed in San Francisco the other morning. A vessel was spoken on the voyage with three hundred more who will doubtless arrive in a few days.

STATE DENTAL ASSOCIATION.—We notice by the proceedings of the State Dental Association held the past week in San Francisco, Dr. H. U. Plomteaux, of Woodland, was re-elected Recording Secretary for the ensuing year.

REVOLUTION IN MEXICO.—A revolution is now in progress in Mexico. Latest advices state that a strong rebel position at Guerrero had been taken by the Government troops. Tampico was being bombarded by the rebels, who had silenced the Government batteries.

STORM IN THE NORTH.—On the 13th a very severe storm with vivid lightning visited the northern part of California and southern Oregon, doing considerable damage to telegraph offices and in several instances stunning the operators.

FOR HAIGHT.—Notwithstanding the opposition of the Sonoma *Democrat*, Haight delegates were elected in that county on Saturday last. So unanimous is the demand of the people for his renomination that their will cannot be thwarted. It is reported that every precinct went for Haight.

NOT FOR JOSEPH.—The Mendocino *Democrat* takes particular pains to let out its temper against Gov. Haight, and is very bitter in its denunciation of his Excellency. The editor now goes so far as to say that virtually Haight is no longer in the field, when the truth is he has already distanced all competitors.

DESERVED PROSPERITY.—The Marysville *Appeal* says of the *Sutter Banner*, "Our enterprising neighbor of Yuba City has been indulging in a partial new outfit. A Globe press is on the way to their office. We saw a paper cutter and cabinet that had just arrived with many other belongings necessary to a well regulated office."

THIRD CONGRESSIONAL DISTRICT.—It is strange, to say the least, that no call has been published for a Democratic Congressional Convention in this District. The Republican call has been out for some time—to meet in Marysville on the 21st instant. Delegates to the Democratic Convention will be elected at our County Convention to-day.

STATE NORMAL SCHOOL.—The first term of this popular institution in San Jose opened on the 14th, with a very large attendance and under most favorable circumstances. We learn that the citizens of San Jose were extremely hospitable and liberal in their entertainment of all in attendence at the opening ceremonies. Misses Darby and Phelps, from this county, entered the Normal School at that time. Superintendent Darby was also in attendance.

COUNTY COMMITTEE.—A part of the duty of the Convention to-day will be to elect a new Central Committee, and we hope the usual care will be taken to place none but the best men upon the Committee, as circumstances might arise requiring the very best management and skill. Let the Democratic Central Committee be composed of men of sterling worth and unswerverving Democracy, men who are workers, withal—no half-way, wishy-washy Democrats. There are plenty of the right kind and we sincerely trust just such men will be selected to serve for the ensuing term.

"DIE MODENWELT."—This ladies' favorite for June is at hand filled with illustrations and descriptions for every style of female dress, and accompanied by a diagram of patterns, so that every lady can cut out the latest styles for herself. On the reverse side of this diagram are samples of point and Venetian lace, with directions for making it. A millinery department has also been added in the June number, which will be continued hereafter. Besides the fashion articles a reading suppliment accompanies each number. Published twice a month with pattern sheet etc., at $3 a year; single copies 35cts., by S. T. Taylor, 391 Canal street, New York.

WOOD'S HOUSEHOLD MAGAZINE.—We have received the number for June with the following attractive table of contents: Music—Send the Little Ones Happy to Bed; Prize Story—Ellen; Poem—Saturday Night; Through the Breakers; Poem—Frolic of the Water Spirits; Crosses; Poem—Heavier the Cross; Poem—He Leads us On; My Daughter; The Wife's Gift; Poem—For Birdie; Parental Government; Physical Culture; Vanity vs. Vanity; Children's Department; Miscellany; Editorial Notes, etc. The contributors to this magazine are of the first order. Every number contains a $100 prize story complete. One dollar a year, single copies ten cents. Address S. S. Wood, Newburgh, New York.

EXCURSION TO CALISTOGA AND WHITE SULPHUR SPRINGS.—Posters are out announcing a very cheap excursion as above, only two dollars being charged for the round trip, on Sunday, June 18th, (to-morrow). This will be much the finest excursion of the season thus far, and will no doubt be availed of by a great many whose duties confine them very closely during the week. The manager, Mr. J. R. Sullivan, is a railroad man and knows just how to conduct an affair of this kind. The train will leave Knight's Landing at 7:30, Woodland at 8, and Davisville at 8:20 in the morning, giving the excursionists an opportunity of visiting the various hot and cold springs, which they can do free of charge, and enjoy the beautiful scenery of the locality to their hearts' content. Returning, the cars will leave St. Helena at 6:30 P. M., making the homeward trip in the cool of the evening. As there will be so many going, it would be well for each party to take along refreshments. It will, no doubt, be a very pleasant excursion.

DELEGATES TO THE STATE CONVENTION.

Besides the making of a county ticket, the delegates of the Democracy of Yolo, in Convention, will to-day nominate six delegates to the Democratic State Convention to be held at Sacramento on Tuesday next, June 20th. It would perhaps be out of place in us to make any suggestions to the delegates in regard to the class of men they should send to Sacramento to help make up a Democratic State Convention, a platform setting forth the principles and issues upon which the campaign is to be fought, and a list of candidates for the various State Offices to stand upon that platform, who will go before the people of the State for their suffrages. But one thing must be patent to every thinking man, and that is that men of experience should be selected, if possible—men used to the workings of conventions, and who will know how to take part in its deliberations and discussions—men who will look out for this section of the State in making up the ticket. Yolo occupies a position in the party that entitles her to a voice in making up the State ticket, and the delegates should make that voice heard. As to the nomination of a candidate for Governor, we can safely say beforehand that every delegate will be in favor of the renomination of his Excellency Henry H. Haight. Our whole party in this county are for him, and hence it was a foregone conclusion at the primaries on Saturday last that every delegate was a Haight man. The feeling in the party is so unanimous in this respect that the question did not come up. Hence we say the six delegates from Yolo to the Democratic State Convention are sure to be Haight men. We are not in favor, as a general rule, of pledging delegates to Conventions, but in this case we do most decidedly favor such a course. The matter is of such vast importance, for various reasons, that we hope to see them pledged to vote solid for Haight. We know this to be the wish and sentiment of the people, whose interests he has so carefully and successfully guarded, and they would not be as well satisfied with any other man at the head of the ticket. The great corporation that has already swallowed up everything within its reach will be represented there without dobut, and every effort will be made to influence delegates to cast their votes for some one else than Haight. "Any one but Haight!" say the grasping monopolists. "We know he is opposed to taxing the people for our benefit; he vetoed measure after measure by which we would have been the gainers and the people would have had to foot the bill." As to other candidates we have nothing to say, and perhaps what we have here said was unnecessary; but it can do no harm, at any rate, to send our delegates to the Convention pledged as indicated, and we wished to place our suggestions to that effect upon record. As we have heretofore stated in regard to county officers, we have our personal choice for those of State. Our own name will perhaps be mentioned in connection with the office of State Printer, and if we should be so fortunate as to receive that nomination at the hands of the great Democratic party of California in Convention assembled, we should discharge its duties to the best of our ability. But if such should not be the result, whoever does receive the nomination, for that as well as for all the other offices for which nominations are to be made, will receive the earnest support of the organ of the Democracy of Yolo county during the campaign; and we shall leave nothing undone that it is in our power to accomplish for the success of the whole Democratic ticket.

Return of Senator Casserly.

On Saturday last Hon. Eugene Casserly returned to San Francisco, and in the evening a crowd of his Democratic friends, with music and banners, gathered at the Occidental Hotel to welcome and congratulate him. The Young Men's Democratic Club and the Casserly Guard were particularly prominent. In response to three hearty cheers, Mr. Casserly stepped out upon the balcony and addressed the crowd as follows:

My Friends and Fellow Citizens:—I need not say how much good it does me to meet you once more, and it is no doubt pleasant for you to meet me, and I know that the token of esteem is prompted more by your good will than by any merit of my own.

During my absence in the East, I have had occasion to institute comparisons between the men of this State, of the State of California, and the men abroad. During all the time thus spent, nothing that I have seen, nothing that I have heard, has given me cause to repent the resolution I made nearly twenty-one years ago, when I first set foot on the soil of this State. I then assumed that it should be my home while I lived, and my grave when I died (applause). And I have always returned to it with renewed attachment and fresh affection.

In coming to you I have crossed over five great water courses and through many great States; yet I have seen no State, no section, whose future has such brilliant prospects. I say this emphatically, because news of short crops and general despondency has reached me. Depressions must come; the ocean is not always the same—its waves recede at times; and so it is so with your State. But despondency concerning the future of the State of California should never be allowed to dwell for a single moment in your hearts. Why, gentlemen, you have first to go abroad before you can appreciate your own State—a State which has no failing unless it is in the failing of its people to believe in it. There is no depression outside of your boarders; difficulty and disaster do not discourage the belief in California which exists elsewhere. In the train on which I came were gentlemen interested in the railroad which will be constructed from St. Louis across the continent, and which must have its terminus at San Francisco. You have already heard of the Trunk Railroad along the 33d parallel, and recently I have read of the road projected from your city, which will pass through Lower Oregon and Idaho to Ogden, there to connect with the Union Pacific. Here you have the wealth and brains of the nation pushing three lines across to your coast, (and the Northern Pacific makes four,) and capital, which is proverbially timid and cautious, encouraging their construction. Yet I hear that there is despondency in California. Why is this? During my absence I have been enabled to estimate our standing in Europe, and I can say that no portion of the earth's surface is to day viewed with so much interest as is California. [Applause.]

Mr. Casserly proceeded to compare the condition of our State with that of those East of the Sierras; drew a conclusion flattering to California; urged that this feeling of depression be done away with, and predicted prosperity in the future.

He concluded: Of political questions I shall have the privilege of addressing you during the coming campaign. [Applause.] I have deemed it my duty to be here and take part in the fight. [Applause.] In the course of the canvass I shall endeavor to present to you the views of the great political party, of which I am proud to be a member, to the best of my ability. [Applause.] On this occasion of good will and friendly greeting it is fit that I should speak more particularly of the general condition and future welfare of our State. [Mr. Casserly continued his panegyric on California.] I should like to address you at greater length, but perhaps in the campaign you will have quite as much cause to complain of the length of my addresses, as to-night you can find fault with the brevity of this.

And now I wish you all a happy good night, hoping that you will never, never lose confidence in the future of our glorious State.

THE HEATHEN CHINEE AGAIN VICTORIOUS. The Rocky Mountain Coal Company has discharged all the white miners, numbering some 200, except the foreman, and substituted Chinamen, by which means the Company will save 50 of its already groaning coffers about 70 per cent. of the cost of mining. And so the Chinese are occupying every avenue of labor.

Letter from Walker Valley.

WALKER VALLEY, Mendocino Co., June 10th, 1871.

ED. DEMOCRAT:—Notwithstanding the rough roads, high mountains and narrow grades, my trip from Yolo to Walker Valley was indeed a very pleasant one. We were just four days and a half in making the trip, which is said to be one hundred and fifty miles. I must say that I enjoyed traveling in the mountains so well that I was really sorry when we at last arrived at our journey's end. True, there are some places, as the saying is, which look rather "scaly," and in going over such places one suddenly finds his heart surging about as if trying to jump out at his mouth. Then in going around some of those mighty bends, with high mountains and rocks above, and deep canyons, chasms and gulfs below, one feels a sudden awe, akin to that which is felt by those who have traveled in the mammoth cave of Kentucky, which we have all read and heard about. Well, notwithstanding the rough places, steep hills, and narrow grades, we passed safely over them all, and at about noon of the fifth day we arrived at the little valley of Walker. And a nice little valley it is, too. It is entirely surrounded by lofty mountains; lies eighteen miles northwest of the city of Ukiah, and is within twelve miles of the coast of the grand Pacific Ocean. There is in the Valley, (said to be by eminent physicians,) one of the best soda springs that can be found in California. It is so strong that when I first tried it I could only drink one-half a gourd full; but continued practice enables me now to turn off three or four with ease. The use of this water is recommended by physicians for a great many of the diseases which the human family are subject to, and especially for persons affected with weak lungs; and as this seems to be the cause of my feebleness, I hope soon, by the use of it and the pure mountain air, to regain my former health.

I must mention the large redwoods which grow almost to perfection in this charming little valley. Just around the mountain, at the southwest end of the valley, may be found a large grove of them. A few evenings since, while wandering around through this magnificent grove, viewing and admiring these wonderful arms of nature, we came across one of medium size which had been felled by the axe of the woodman, and on measuring it we found it to be three hundred and thirty feet in length; and, as a companion remarked to me, the stump was large enough to build a house upon. The farmers of the valley, who are very few in number, build their houses, barns and fences, all out of redwood timber. For firewood they use oak, pepperwood and manzanita. Plenty of tall pines grow in this valley; other trees, such as madronas, white oaks, black oaks, ash and willows grow in abundance. There are several small streams of water running through the valley, but none of them contain any fish. Large game is not very plenty just now, for being continually hunted keeps it scared away. However, the two young men that are with me saw two fine bucks a few evenings since, and fired several shots at them with a Henry rifle, but were two far off, and did not succeed in bagging either of them.

While I write, 2 o'clock P. M., the evening breeze is springing up in all its healthful freshness. This breeze comes up regularly every day at about two or three o'clock. Another item that adds a charm to this valley, is a large strawberry patch owned and cultivated by Mr. Samuel Harter. He is said to raise some as fine strawberries as any that grow in the State.

It would be useless for me to try to tell you in one letter all about this charming region. One thing I can say, and that truly: it is a nice resort for people to spend the warm Summer months, and enjoy themselves generally.

Yours truly,

J. D. HATCHER.

NEW BOOKS FROM BANCROFT'S.—We are in receipt of the following new works from the press of A. L. Bancroft & Co., Market Street, San Francisco.

BANCROFT'S TOURIST'S GUIDE—The Geysers.

BANCROFT'S NEW AND REVISED MAP of Central California.

BANCROFT'S RAILROAD AND STEAM NAVIGATION GUIDE for travelers on the Pacific Coast.

The publication of books and maps which fairly represent our country and its resources, are at the present time most opportune. There has never been a period in the history of our Coast, when the attention of close observers has been so drawn to us, to what we are doing and what we can do, as at present. Crowds of intelligent, wealthy men from all parts of the world throng our hotels and railroads, and every publication which sets before them in a fair light nature's profuse gifts to us, is a public benefit. The Messrs. Bancroft are deserving of the thanks of every intelligent citizen for the manner in which they have presented the attractions of our places of resort for health and pleasure, and the abundant mineral and agricultural resources which surround us. The mechanical execution of these works is excellent, and the writing, editing, compiling, printing, engraving, lithographing and binding, all of which enter into their manufacture, was done wholly and entirely upon their own premises. Over one hundred men under one management, are here employed in the manufacture and sale of every description of books and stationery. We speak of this establishment in this connection because we feel that enterprise of this kind should be encouraged. This is what makes and develops our country. This is what builds cities and fills the mouths of honest industry.

UNITED ANCIENT ORDER OF DRUIDS.—At the session of the Grand Grove of this Order, just held in San Francisco, the following grand officers were installed for the ensuing year by P. N. G. Arch J. W. Andrejowsky: Davis Louderback, N. G. A.; T. D. McKenna, D. G. A.; H. J. Hartnagle, Grand Secretary; J. G. Waterman, G. Treasurer; H. R. Morton, G. Marshal; F. G. E. Tittel, G. G.; Theodore Hartung, G. S.; Trustees—J. L. E. Schuetze, Chas. Kittelberger, and F. B. Harrington. The following D. D. G. A's. were appointed: For District No. 1, A. Koletzky; No. 2, A. Ewald; No. 3, James E. Wolf, Sr.; No. 4, Jacob Keber; No. 5, Godfrey Gross; No. 6, P. Niestrath; No. 7, L. Chassagne; No. 8, Albino Jubitz; No. 9, L. F. A. Shaw.

In the proceedings we notice that a resolution offered by Representative W. W. Stone, recommending that the Grand Grove of the United States promote the extension of the Order of Druids in foreign countries, was adopted.

THE COSMOPOLITAN BENEVOLENT SOCIETY of Nevada City shows a list of Referees which could not fail to satisfy the most incredulous doubter—if such a one could be found on this coast. Its friends are legion, and its managers most reliable as well as shrewd business men. The second drawing will come off on our great jubilee day—Fourth of July—and he who neglects buying a ticket deserves no more favors from Dame Fortune

GOOD TEMPLARS.—Mr. J. A. C. Palmer, State Deputy of the Order of Good Templars for California, has been sojourning in town for a few days, on business connected with the Order. Mr. Palmer has within a month past organized lodges at Antelope, Dunnigans, and Gordon Valley.

Summons.

IN THE UNITED STATES LAND OFFICE, for the San Francisco District, San Francisco, California.

The people of the United States to CHAS. F. GREYSI, Greeting:

You are hereby summoned to appear before us, at our Office in the City of San Francisco, on FRIDAY, THE 28TH DAY OF JULY, A. D., 1871, at 10 o'clock A. M., to contest the claim of the Western Pacific Railroad Company, averring your claim to the northeast quarter of Section No. 5, Township 7 north, of Range 3 east, to be unjust and illegal; and then and there do you show cause, if any there be, why the claim of said Railroad Company shall not be recognized as just and legal.

Given under our hands, this 7th day of June, A. D., 1871.

H. L. NICHOLS,
Secretary of State.

AN ACT

To provide for the payment of the funded indebtedness of the State of California, and to contract a funded debt for that purpose.

[Approved, April 2, 1870.]

THE PEOPLE OF THE STATE OF CALIFORNIA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. For the purpose of liquidating and providing for the payment of the funded indebtedness of the State of California hereinafter specified, and to lessen the burden of taxation, the Governor of the State, the Controller of State and the Treasurer of State, and their successors in office, shall constitute a Board of Commissioners, to be styled the Loan Commissioners of the State of California, and shall have and exercise the powers and perform the duties hereinafter provided.

Sec. 2. The said Loan Commissioners are hereby authorized to issue and sell not exceeding three millions seven hundred thousand dollars of the bonds of said State, bearing interest at the rate of six per cent. per annum, which interest shall be payable semi-annually, in gold coin, on the second days in January and July in each year, at the office of the Treasurer of State. The principal of said bonds shall be made payable in gold coin within twenty years after the date of their issue, and shall be of such denominations as the said Loan Commissioners shall direct, but not less than five hundred dollars; shall bear the date of their issue, and shall be signed by the said Loan Commissioners, and shall have the seal of the State affixed thereto; and the faith of the State of California is hereby pledged for the payment of said bonds and the interest accruing thereon as herein provided.

Sec. 3. Coupons for the interest shall be attached to each bond so that they may be removed without injury or mutilation to the bond; said coupons, consecutively numbered, shall be signed by the Treasurer of the state.

Sec. 4. Before the sale of any of said bonds the said Loan Commissioners shall cause notices of such sale to be published, for the space of one month in three daily newspapers published in English, one in the city of New York, one in the City of London, in England, and one in the Capital of the State; in and during the space of one month in a daily newspaper published in French, in the city of Paris, in France, and for the space of one month in a daily newspaper published in German, in the City of Frankfort-on-the-Main, in Germany. Such notices shall specify the amount of bonds to be sold, the rate of interest they shall bear, the day and hour of sale, which shall be at the State Capital, and that sealed proposals will be received by the said Loan Commissioners for the purchase of such bonds. Within one month from the expiration of such publication, and on the day and hour named in said notice, the said Loan Commissioners shall open all sealed proposals received by them, and shall award the purchase of said bonds to the parties who will, in their opinion, make the most advantageous bid for the State; *provided*, that said Loan Commissioners may reject any or all bids, if they deem it to the advantage of the State; and *provided* further, that they may refuse to make any award unless sufficient security shall be furnished by the bidders for the compliance with the terms of their bids; and *provided* further that said bonds shall not be sold at less than ninety-one cents on the dollar, in gold coin, par value.

Sec. 5. It shall be the duty of the Treasurer and Controller of State each to keep a separate record of all bonds sold under the provisions of this Act, showing the number, date, amount and rate of interest of each bond, and to whom the same was issued.

Sec. 6. The sum of one thousand dollars is hereby appropriated out of the General Fund for the payment of the expense that may be incurred by the Loan Commissioners in having such bonds prepared and said notices published.

Sec. 7. The proceeds of such bonds shall be paid into the State Treasury and shall be applied to the payment of the following bonds, in the order of their issuance:

First—The outstanding bonds issued under the Act entitled an Act to provide for certain equitable claims against the State of California, and to contract a funded debt for that purpose, approved April twenty-eight eighteen hundred and fifty-seven.

Second—The outstanding bonds issued under the Act of eighteen hundred and sixty.

Third—The outstanding soldiers' relief bonds.

Fourth—The outstanding soldiers' bounty bonds.

Sec. 8. All persons having any of the bonds specified in section seven of this Act shall, upon presentation of such bonds to the said Loan Commissioners, be entitled to exchange them at their par value for bonds authorized to be issued under this Act, at the rate of ninety-three cents on the dollar par value, but no bond shall be issued for a less sum than five hundred dollars, nor for a fractional part of a hundred dollars, but the said Loan Commissioners may issue certificates for such fractional parts not bonded, which said certificate shall be transferable and entitled to be paid out of the proceeds of the sales of any bonds provided for in section seven of this Act. The said Loan Commissioners shall cancel each bond so exchanged, and shall indorse on such bond the date on which they received the same, and from whom, the number and amount of the bond issued in exchange therefor, and shall file each bond in the office of the Secretary of State.

Sec. 9. Whenever there shall be in the State Treasury, from the proceeds of the sale of bonds issued under this Act, a sum of ten thousand dollars or more, it shall be the duty of the Treasurer to advertise in two newspapers, printed in English, one in New York and one in the Capital of the State, for two months, which advertisement shall state the amount of money in the treasury applicable to the redemption of bonds, and the number of bonds, numbering therein the order of their issuance, which are redeemable; and three months from the date of the expiration of such advertisement, such bonds, unless sooner paid, shall cease to draw interest, but the money for the redemption of such bonds shall remain in the treasury to pay such bonds whenever presented.

Sec. 10. For the payment within twenty years of the principal and interest of the bonds issued under this Act, there shall be and is hereby levied annually, after the bonds have been issued under this Act, such

Town and County Matters.

DEMOCRATIC PRIMARIES.—The primaries throughout the county passed off nicely on Saturday last, the only contest being between the friends of J. P. Bullock and Jas. Douglas for the office of Sheriff. In Woodland the vote was the largest by far ever polled at a primary election. Two tickets were run, supposed to represent the two candidates named. Douglas carried eight out of the thirteen delegates, Bullock one, three were tied and one man upon both tickets will vote just as he pleases. In the county Bullock is said to have a majority of the delegates, but we are informed that Douglas doesn't give it up so. To-day it will be decided, however, and the part of the agony will be over. Let it be remembered that we must have a ticket composed of good men if we would win the battle before the people in this county next Fall. The delegates are men of experience and judgment, and in their hands the rank and file have left the make-up of our county ticket.

Appended are the names of the delegates elected from all the precincts, which we believe to be nearly or quite correct:

Woodland, 13 Delegates—D. C. Hubbard, G. Kaufman, G. H. Jackson, Jason Watkins, Geo. Bentley, Wm. Minis, Ed. Bynum, Samuel Haines, Jas. Edmonds, Z. B. Kencheloe. Tied—John Pendegast, H. S. Deaner, N. Grayson, R. B. Dinsmore, Jas. Ford.

Fairview, 2 Delegates—James Bandy, John Goodenow.

Fremont, 1 Delegate—Fleming Guitar.

West Cottonwood, 3 Delegates—John Goodson, Wash. Lambert, Rob. McKinney.

East Grafton, 6 Delegates—W. S. Huston, Levi Adams, A. C. Turner, Arch. McClintock, Isaac Ely, F. S. Gwinn.

South Putah, 2 Delegates—Alex. Montgomery. Tied—Charles Kincaid, S. Maddox.

East Cottonwood, 4 Delegates—L. D. Stephens, Wm. Hays, Thomas Smith, W. H. Dinwiddie.

Merritt, 2 Delegates—R. T. Hester, S. P. Ivey.

North Grafton, 2 Delegates—J. Vaughn, J. Hoffman.

Cacheville, 4 Delegates—Thomas Lowe, A. J. Hall, C. Nelson, R. C. Anderson.

West Grafton, 4 Delegates—Henry Hoffman, Matt. Pockman, Jas. Root, Thos. Long.

Davisville, 9 Delegates—Wm. Dresbach, J. T. Lillard, Ed. Brown, O. D. Reed, J. L. Morgan, Fred Walgar, T. M. Gregory, John Ward, Chas. Glockler.

Buckeye, 6 Delegates—M. O. Harling, M. R. York, John Abbey, J. Maxwell, Thos. Guthrie, Stephen Howard.

Washington, 4 Delegates—Wm. M. Green, Daniel DuBose, John Huey, R. Megowan.

FOURTH OF JULY.—Pursuant to a call made some days since, a meeting of citizens was held on Tuesday evening last in Washington Hall, to take measures to celebrate the coming Anniversary of our national independence. The meeting was organized by the election of A. C. Kean Chairman, and A. Moger Secretary.

After the Chairman had stated the object of the meeting, a resolution was offered and unanimously passed that we celebrate the anniversary of our national independence in a manner that shall redound to the credit of the Town of Woodland. In order that a proper programme should be arranged for the day, the following citizens were elected as a Committee to make all necessary arangements an to act as a Committee on Finance: J. D. Stephens, D. M. Burns, W. A. Henry, A. C. Ruggles, C. H. Gray, Giles E. Sill, and J. C. Ball.

United action was urged by all present and the committee was instructed to prepare a programme for the day that shall eclipse all former efforts. It is confidently expected that all our citizens will assist the committee; that Woodland may properly honor the day.

The meeting adjourned subject to call of the Committee. A. C. KEAN, Chairman.
A. MOGER, Secretary.

MORE VALUABLE THAN GOLD.—We were shown the other day a box of borax crystals from the claim of our townsmen Wm. Troup and J. V. Lewis, situated about forty miles south of Wadsworth, Nevada. The borax discovery was made by Mr. Troup some time ago, and now, in company with Mr. Lewis, he has located 1,280 acres of land, every acre of which they estimate will yield forty tons of the crude material or about eighteen tons of pure borax, which is worth about $400 per ton. The sample we saw had been worked in San Francisco, where there are refining works; but we learn the Company intend erecting reduction works on their claim at once, which will save largely in the item of transportation. A fact of which many may not be aware, and which makes a borax mine exceedingly valuable, is that the ground reproduces crop after crop, and hence the claim of Messrs. Troupe & Lewis is more valuable than a gold mine.

RICH SPECIMEN.—We had the pleasure of gazing upon a lot of gold dust the other day—12 lbs. 9 oz. and some pwts., amounting in value to very near $3,000—the result of the labor of four men for thirty-four days in the claim of Daniel & Company, situated near the head of Bull Creek in Butte county. This gold was deposited in the Bank of Woodland by Mr Daniels, who is a resident of this place, and is the finest lot of dust we have had the pleasure of gazing on since the early days. We congratulate Mr. Daniels upon his good fortune in having made so good a strike. He thinks there is ground enough and as rich as that already washed, to last the Company twenty years.

PLUMBING, GASFITTING, ETC.—C. D. Morin has rented and fitted up the store recently vacated by Chas. Goldman, next door to his main store, as a piping, plumbing and gasfitting establishment, which, in view of the fact that gas has been and water is about to be introduced throughout our town, is a necessity. Mr. Morin is prepared to pipe buildings for either gas or water, or both, and has on hand a fine stock of gas fixtures.

UNUSUAL CASE.—One of our exchanges says that last Friday a man, name unknown, while walking along the railroad track at Swingle's ranch, near Davisville, Yolo county, was sunstruck, and died soon after from the effects of the stroke. We are unable to confirm or deny this report, but cases of this kind are so rare in California that we are inclined to doubt its correctness.

WILL CELEBRATE.—We are informed that it is the intention of the Fire Company to parade in the public procession on the Fourth of July and also to give a grand ball in the evening. A Committee has been appointed to make arrangments for the ball, which will no doubt be a grand affair.

WONDERFUL PERFORMANCE.—Professor Haselmayer, the great prestidigitateur, will give one of his unapproachable performances to the citizens of Woodland in Central Hall, on Tuesday evening next, June 20th, as will be seen by his advertisement. The Professor, besides being an expert and talented composer and performer of music, and one of the most wonderful masters in *diablerie* the world has produced, introduces trained canary birds and mice—little white fellows—that obey his orders, to the infinite amusement of the crowded audiences which everywhere greet him. We know from the notices given of Prof. Haselmayer's entertainments by the newspapers, that they are all, and more, than he represents them to be. The Sacramento *Union*, *Reporter*, *Record*, and *Bee* all give the most flattering notices. Tickets at the Postoffice.

WATER AS A FERTILIZER.—A reporter of the New York *Tribune* recently interviewed Brigham Young, and in the course of their conversation he of the quill inquired of the great prophet what had been done to make their valley so thrifty, the soil so fertile and productive? To which Brigham is reported to have replied: "Nothing but irrigation and stirring of the soil. The fertilizing properties of water are not sufficiently understood. But we have effectually tested them. There are plenty of fields in this valley which with no other fertilizer than water, have brought forth abundant crops of cereals year after year, without intermission, for twenty years, and are as productive to-day as ever."

OFF FOR THE SPRINGS.—On Monday morning next quite a large party of our citizens will start with teams across the country to Bartlett Springs, Lake county, the object being health and recreation. We almost envy our friends the enjoyment in store for them in this trip, and were it not that duties are so pressing at home, we should be tempted to take a similar trip. But a country editor, at least unless he be more flush than we are, cannot indulge in such enjoyable and beneficial recreation.

OPENED.—M. Marks has opened his Ice cream and Confectionary establishment, (formerly Bank Exchange Saloon), and has fitted it up in nice style. Ladies and gentlemen, whole families if you please, can step in and enjoy the delicacies prepared by Mr. Marks. For the warm weather he has especially prepared ice-cream, soda-water, lemonade, etc., in the best styles.

CERTIORARI.—In the matter of Reclamation District No. 108, on petition of George Hager, the Supreme Court has ordered the Board of Supervisors of Yolo County to send up, on or before July 10th, a transcript of the record and proceedings in the formation of said District. The writ was served on the 7th instant, and the Board of Supervisors have ordered the Clerk to certify a transcript in obedience to said writ.

CONGREGATIONAL.—At a meeting on Wednesday evening, for the purpose of engaging a pastor for the ensuing year, the Congregational Church and Society of Woodland unanimously requested the present pastor, Rev. S. R. Rosboro', to remain with them another year. We learn that Mr. Rosboro' has accepted the invitation.

TO CELEBRATE.—A meeting of citizens the other evening resolved to celebrate the coming national anniversary in a becoming manner, as will be seen by the proceedings given elsewhere. A Committee of leading citizens was appointed to make necessary arrangements and report at a future meeting to be called by the Committee.

CATHOLIC CHURCH.—Mass will be celebrated in Knights Landing at 9. A. M. and in Woodland at 11. 30. A. M. on the first and third Sundays of each month. In Woodland at 10. A. M., and in Davisville at 11. 45. A. M. on the second and fourth Sundays of each month.

WOODLAND GIFT CONCERT.—The tickets are selling as fast as could be expected until the Pioneer and others about to come off are out of the way. Those who want tickets to the Woodland entertainment had better supply themselves at once.

GRAND ISLAND LEVEE.—We see it stated that the property owners in Grand Island swamp land district, Yolo county, are about to build twenty-eight miles of levee. The estimated cost is over $150,000, and work will be given to 1,000 men.

MAJESTIC COLUMNS.—The new front of F. S. Freeman's store is being erected. The iron columns and arches are among the finest in the State. As soon as the building is a little further along we design giving a minute description of it.

For the very best Photographs, go to BRADLEY & RULOFSON, No. 429 Montgomery Street, San Francisco. ☞ Closed on Sundays.

MARRIED.

At the Hunter House, in Woodland, on Tuesday evening, 13th inst., by Rev. S. R. Rosboro, John D. Reid and Mrs. Elmira Williamson, both of Cacheville.

SPECIAL NOTICES.

A LARGE VOLUME would not contain the mass of testimony which has accumulated in favor of WISTAR'S BALSAM OF WILD CHERRY as a safe, efficient and reliable remedy in curing coughs, colds and pulmonary disease. Many of the cures are truly wonderful.

HAWK, HAWK, SPIT, SPIT, BLOW, BLOW and disgust everybody with the offensive odor from your Catarrh, just because some old fogy doctor who has not discovered and will not believe that the world moves, tells you that it cannot be cured. The proprietor of Dr. Sage's Catarrh Remedy will pay $500 reward for a case of Catarrh which he cannot cure. Sold by druggists, or send sixty cents to R. V. Pierce, M. D., 131 Seneca street, Buffalo, N. Y., for it.

INHERITED DISEASES.—The number of transmissible complaints is larger than is generally supposed. Not only scrofula and consumption, but rheumatism, gout, liver complaint, constipation, cerebral affections, and probably dyspepsia, are inheritable. Fortunately, however, these terrible heirlooms may be got rid of. Cut off the entail with Dr. Walker's Vinegar Bitters. This powerful Vegetable Alternative and Invigorant, is a blood depurent. It removes that transmitted poison from the circulation, and cures what are called constitutional disorders.

The originator of this wonderful medicine, claims to have discovered and combined in harmony more of nature's most sovereign medical properties than was ever before combined in one medicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of Bronchitis, Severe Coughs, and the early stages of Consumption, it has astonished the medical faculty, and hundreds of the best physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and purifies the blood. By its great and thorough blood purifying properties, it cures all Humors from the worst Scrofula to a common Blotch, Pimple or Eruption. Mercurial Diseases, Mineral Poisons, Syphilitic and Venereal Diseases, and their effects are eradicated and vigorous health and a sound constitution established. Erysipelas, Salt Rheum, Scald Head, Fever Sores, Scaly or Rough Skin, in short, all the numerous diseases caused by bad blood, are conquered by this powerful, purifying and invigorating medicine. For Liver Complaint, Bilious Disorders and Habitual Constipation, it has produced hundreds of perfect and permanent cures where other medicines have failed.

The proprietor offers $1,000 reward for a medicine that will equal it in the cure of all the diseases for which it is recommended. Beware of counterfeits and worthless imitations. See that my private Government Stamp, which is a positive guarantee of Genuineness, is upon the outside wrapper. This medicine is Sold by Druggists at $1.00 per bottle. Prepared by R. V. Pierce, M. D., Sole Proprietor, at his Chemical Laboratory, 133 Seneca Street, Buffalo, N. Y.

LANGLEY'S

COMPOUND SARSAPARILLA

The Safest and Best

BLOOD PURIFIER

IN USE.

A Certain cure for Rheumatic and Mercurial affections, Scrofula or King's Evil, Salt Rheum, White Swellings, Tumors, Ulceration of the Bones, Liver and Kidney Complaints, Neuralgia, Constipation, Dyspepsia, Female Weakness and Obstructions, and all the

Diseases arising from an Impure State of the Blood

This preparation is absolutely free from any Mercurial or Poisonous substance. It is prepared after careful experiment and a long and wide experience in observing the effect of the different ingredients. It possesses the priceless quality of effecting by its quiet and gentle action a gradual and thorough Purification of the blood. The strongest will find it a searching and

INFALLIBLE CURE.

The most delicate female or child can take it with impunity, and the remarkable success attending its use warrants the Proprietor in claiming it as the best family remedy in use.

Dyspepsia and Constipation

Are immediately relieved by this compound; its steady and gentle operation gives nature the required assistance, and in a short time the organs are sufficiently invigorated to perform their functions without artificial aid.

AS A SPRING MEDICINE

IT IS INVALUABLE,

Removing that sluggish, dull feeling which the winter often leaves in the system, banishing all skin eruptions and making the complexion clear and bright.

The "PAIN KILLER" may justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way, and been largely used and highly prized. Moreover, there is no clime to which it has not proved to be well adapted for the cure of a considerable variety of diseases; it is a speedy and safe remedy for burns, scalds, cuts, bruises, wounds and various other injuries, as well as for dysentery, diarrhœa and bowel complaints generally, it is admirably suited for every race of men on the globe.

It is a very significant fact, that notwithstanding the long period of years that the "Pain Killer" has been before the world, it has never lost one whit of its popularity, but, on the contrary, the call for it has steadily increased, from its first discovery, and at no previous time has the demand for it been so great, or the quantity made been so large, as it is to-day.

Another significant fact is, that nowhere has the Pain Killer ever been in higher repute or been more generally used by families and individuals, than it has been here at home, where it was first discovered and introduced. That the Pain Killer will continue to be, what we have styled it, the great medicine of the world, there cannot be the shadow of a doubt. —[Providence Advertiser.

SCATTER SEEDS OF KINDNESS.

Let us gather up the sunbeams
Lying all around our path;
Let us keep the wheat and roses,
Casting out the thorns and chaff;
Let us find our sweetest comfort
In the blessings of to-day,
With a patient hand removing
All the briars from the way.

Strange, we never prize the music
Till the sweet-voiced bird has flown!
Strange that we should slight the violets
Till the lovely flowers are gone!
Strange, that summer skies and sunshine
Never seemed one half so fair
As when winter's snowy pinions
Shake the white down in the air!

If we knew the baby fingers
Pressed against the window pane
Would be cold and stiff to-morrow—
Never trouble us again—
Would the bright eye of our darling
Catch the frown upon our brow?
Would the print of rosy fingers
Vex us then as they do now?

Ah! those little ice-cold fingers,
How they point our memories back
To the hasty words and actions
Strewn along our backward track!
How those little hands remind us,
As in snowy grace they lie,
Not to scatter thorns—but roses—
For our reaping by and by!

THE Nevada State *Jonrnal* says the mining prospects of the whole country west of the Rocky Mountains are of the most encouraging nature. From almost every district on the east we have reports of new and rich discoveries. The placers of Idaho and Montana promise better returns then for years, while the deep gravel mines of California never "panned out" better.

CONTRACT LET ON THE EASTERN EXTENSION.—The Vallejo *Chronicle* of June 7th has this important intelligence: "Yesterday the papers were signed letting the contract to D. C. Haskin for building 125 miles of the eastern extension of the California Pacific Railroad, starting to Davisville, work upon which is to be commenced immediately. The contractor makes the surveys and engineering, constructs the road bed, builds the bridges, and does everything to turn over his section in a complete condition, ready to lay the track. This section of the route has already been looked through, but Bender formerly of the State Surveyor's office, has gone forward to make the preleminary surveys. This information is authentic and should give confidence that the Eastern extension of the California Pacific Railroad is something more than a paper project. This contract was signed by every director of the Company except one, who was out of the city, so much faith had they in the energies and enterprise of D. C. Haskin. That gentleman did some of the most rapid railroad building ever attempted in the State, and was never exceeeed, except on the Central Pacific Railroad, in laying track. His experience, sagacity and familiarity with the country will be of great advantage in putting the road through speedily and in first class style."

THE Vultures.—Dr. W. Burnett, late State Senator from Sonoma county, and one of the finest and purest gentlemen the State ever boasted was lying on a sick bed in the last stage of consumption, when the Governor vetoed plundering railroad bills. Without his vote, the plundering thieves could pass these bills over the veto, and when it was found that the sick man had determined to do one more rightous act by going to the Senate and voting to sustain the Governor, the plundering hounds stole his clothes from the room. The clothes were found and the sick Senator went to the Senate, and by his vote saved millions of dollars to the people of the State. Governor Haight caused a small monument to be erected to the memory of the noble Senator, and, it is said, paid for it out of his private contingent fund, and now these vile plundering vultures are howling because a handsome stone marks the last resting place of this noble Senator. The State should thank Governor Haight for the act, and erect a fifty thousand dollar moument over the grave of Senator Burnett.—*Placer Herald*.

FOR SALE.

OUR DRUG BUSINESS located in San Francisco, Cal. After our best wishes, and expressing our thanks for the liberal patronage we have received for more than twenty-one years, during which period we have been steadily engaged in the Drug business in California, we beg to say that in consequence of the rapid growth of Dr. Walker's California Vinegar Bitters, now spread over the United States and countries far beyond, we are necessitated to devote our entire time to said business.

We are the Oldest Drug Firm on the Pacific Coast, and the only one continuous under the same proprietors since 1849, and have determined to sell our large, prosperous, and well established business on favorable terms.

This is a rare opportunity for men with means, of entering into a profitable business with advantages never before offered.

For particulars enquire of

N. B. Until a sale is made we shall continue our importations and keep a large stock on hand, and sell at prices to defy competition.

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, Cal., and 32 and 34 Commerce Street, New York.

SOLD BY ALL DRUGGISTS AND DEALERS.

DR. JULIEN PERRAULT,

Doctor of Medicine of the Faculty of Paris; Graduate of the University "Queen's College" in Canada, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has the pleasure to inform his numerous old patients and others seeking

CONFIDENTIAL MEDICAL ADVICE

That he can be consulted daily at his office, No. 502 Montgomery St., northeast corner of Sacramento St., San Francisco, Rooms 9, 10 and 11, first floor, up stairs. Consultations and Correspondence in ENGLISH, FRENCH and GERMAN. Having made the various forms of Sexual Disease as well as Nervous and Physical Debility the subject of minute research and special practice for many years, Dr. Perrault continues to treat these afflictions successfully by the newest scientific methods, and without resort to obnoxious remedies.

Local Irritation, Night Sweats, Sleep disturbed by Dreams, Pain in the Back and Head, Sallow Complexion, Pimples in the face, Dark Rings under the Eyes, Fainting Coughs, Hectic Flushes, Growing Weakness of Sight, Memory and Intellectual Faculties, Clouded Ideas, Dizziness, Nervous Palpitation, Diffidence, Aversion to Society and Social Pleasure, etc., are some of the prominent symptoms of

NERVOUS AND PHYSICAL PROSTRATION.

The result of injurious habits contracted in youth—which, if not speedily checked, will never fail to induce premature decay and terminate in the total loss of mankind.

Patients complaining of one or more of the above symptoms should immediately apply to Dr. Perrault, either in person or by letter, as he has discovered new and reliable remedies which enable him to guarantee a Speedy and Radical cure of Seminal Weakness and Impotence.

Sexual Diseases in any stage speedily cured, and all taints left by virulent disorder and the injudicious use of mercury entirely removed from the system. Sufferers—and particularly those who have tried this boasted doctor and that advertised physician until worn out and discouraged—can apply to Dr. Perrault with the assurance of relief. We invite investigation, claim not to know everything nor to cure everybody, but we claim that in all cases taken under treatment we fulfill our promises.

Patients in the country can be cured at home by addressing a letter to Dr. Perrault, 502 Montgomery St., or Box 973 P. O. San Francisco, stating their case as minutely as possible, habits of living, occupation, etc. Low Charges. Best references given if required. All communications confidential. Dr. Perrault is sole Agent in California for DR. BIOTT'S CELEBRATED FEMALE MONTHLY PILLS, which are unapproached and far in advance of every other remedy for suppressions and other irregularities. $5 per box, sent by mail or express securely packed.

TO THE UNFORTUNATE.

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY,

No. 632 Kearney Street, corner Commercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, Weakness, Impotency, etc., etc. Skin diseases of years standing, and Ulcered Legs, etc., successfully treated.

DR. GIBBON

Has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, 632 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness

Produces with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, fœted breath, coughs, consumption, night sweats, mopomania and frequently insanity. If relief be not obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cure at Home.

Persons at a distance may be cured at home, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By inclosing $10 in coin, in a registered letter, through the Post Office or through Wells, Fargo & Co.

A package of medicine will be forwarded by express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

Private entrance on Commercial street.

All communications strictly confidential.
